

ALUMINIUM ULTRA THIN 1.0 & 1.6mm cutting wheels

NEW

MADE IN GERMANY

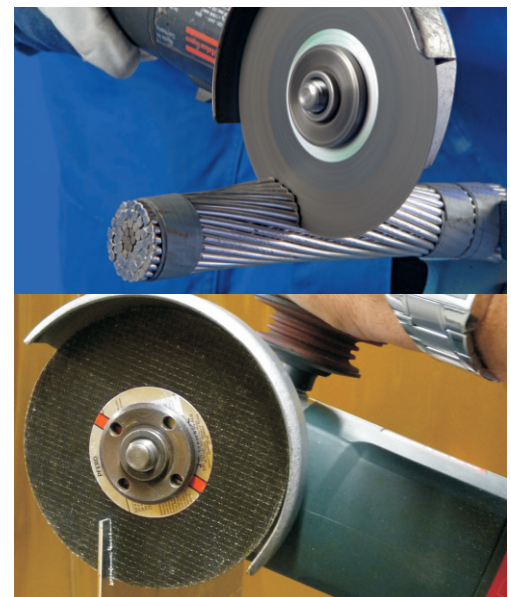

Introducing the latest addition to the renowned PFERD range of ultra-thin cutting wheels, now available for aluminium. These specially formulated wheels are designed specifically for aluminium. They contain no fillers or waxes which might leave an undesirable residue on the workpiece.

Manufactured with the finest quality abrasive grains and fillers to ensure a fast burr free cut every time!

Recommended for cutting of sheet, thin wall aluminium hollow sections & light solid material up to 2mm thickness.

Features

- Extremely precise cutting
- Greater user comfort
- Reduced stress on power tool
- Low noise generation
- Less vibration
- Faster cutting
- Less material wastage
- No clean up required
- High wheel life
- Can be welded immediately

Size mm.	Description	Part Number	Barcode	Max Speed (RPM)	
115 x 1.0 x 22	EHT 115-1.0 A 60 NSG-ALU	61340415	4007220804964	13,000	25
